5. That Mr. Elmer McConnell, of Delhi, in the County of Norfolk, be our head Corn Borer Inspector according to By-law No. 726, 1938, under the Plant Disease Act, and that the said Act be strictly enforced according to good judgment. And further, that the said Elmer McConnell is to be paid for his services as such Inspector the sum of \$4.50 per diem and the sum of 5c per mile necessarily travelled by him in enforcing the said Act. That if Assistants be appointed by the said Elmer McConnell, they shall receive \$3.00 per diem and a further sum of 5c per mile for travelling expenses to enforce the said Act.

Sub-Committee—Hospitals.

To the Warden and Members of the County Council of the
County of Norfolk:

Gentlemen: We, your members of the Hospital Committee,
beg leave to report as follows:

That in our opinion the Executive of the Hospital Board
have been justly economical in the administration of the
finances of the Hospital, but we, your Committee, are satisfied
that certain equipment is absolutely necessary to keep the
Hospital to the average standard of efficiency.

In order to render satisfactory service replacement of
obsolete equipment is absolutely necessary requiring an ex-
penditure of an estimated \$5,000.00.

According to the Financial Statement of four months'
ending January 31st, 1939, we find a net loss of \$2,158.90.

We find that gratuitous services rendered to the County
amount to \$404.75. This includes X-ray and Medical Services
which have been rendered to indigent patients sent in by the
several Municipalities.

In further reference to December, 1937, we find a net
loss of \$5,904.93. Therefore, we, your Committee, recommend
\$5,000.00 for equipment.

All of which is respectfully submitted.

The reports of Committees as amended and adopted as follows:

Report of The Charity and Welfare Committee.

To the Warden and Members of the County Council of the County of Norfolk:-

Gentlemen, We, your Charity and Welfare Committee, met on April 18th and beg leave to report the following:

1. (A)—The Sub-Committee of the Industrial Home recommend that all outside woodwork and fire escapes be painted, at an estimate of \$800.00.

(B)—That the committee be authorized to call for tenders for a new roof on the main residence building, at an estimated cost of \$1,200.00.

(C)—The purchase of a forty-foot extension ladder, estimated cost \$20.00.

(D)—That the ceiling of clothes closet in women's corridor be metaled, cost estimated at \$30.00.

(E)—Recommend purchase of 24 new Canadian Hymnals, cost not to exceed \$20.00.

(F)—Purchase of Individual Filing Folders, cost not to exceed \$10.00.

(G)—The office ceiling has been repaired and papered in place of metal as authorized.

(H)—Additional equipment had to be purchased and installed in order to have the new pumping system operate at a cost of approximately \$100.00.

(I)—Committee further estimates that the sum of \$20,000.00 will be needed as a total expenditure on the Industrial Home.

(J)—We recommend that agreements be entered into with Simcoe and other Municipalities for the use of their several fire-fighting equipments.

2. The Charity and Welfare Committee estimate a net expenditure of \$52,800.00, to be made up of the following:

	Disbursements.	Revenue.
Child Welfare	\$17,000.00	
Hospitals	25,000.00	\$ 12,500.00
House of Refuge — Building	4,850.00	
Inmates	5,700.00	4,000.00
Farm	1,050.00	50.00
General	5,500.00	
Light and fuel	1,600.00	
Med. and Chem.	1,300.00	
Industrial School	900.00	
Old Age Pensions and Mothers' Allowance	400.00	
Grants.		
Hospital	5,000.00	
Legion, Family Welfare, Y.W.C.A. ..	1,050.00	
TOTAL	\$69,350.00	\$16,550.00

There was considerable discussion regarding the overcrowding at the Industrial Home which deserves serious consideration. There is a need at the present time for extra bed space. The Manager and Matron are to be congratulated on the handling of the inmates under these conditions.

The Committee felt that additional buildings should be erected in the near future unless some arrangement can be made to have a portion of those outside the institution, who are homeless, properly cared for.

It has been suggested that there may be possibilities of boarding certain types of patients in private homes and thus

relieve the pressure for the need of more building. Two members of the Committee were asked to look into the possibilities of boarding patients.

All of which is respectfully submitted.

Report of Committee On Training Tobacco Curers.

To: The Warden and Members of the Norfolk County Council.

The Committee appointed to continue work in connection with Training Canadian Tobacco Curers met in the office of the Department of Agriculture, Monday, June 5th, at 2.30 in the afternoon. James Moore was elected Chairman of the Committee, and G. G. Bramhill, Secretary, for the ensuing year.

The Secretary read a Report from James F. Marsh, Deputy Minister of Labour, as follows:

"I am directed to state that we will approve the quota of fifty young men as a first year class to participate in training as Tobacco Curers this year.

The matter of giving a second year training to those who received training last year is not looked upon with favour as we are of the opinion that the same young men who were trained last year should be re-employed by the same employers this year without any financial assistance from funds expended under the Dominion-Provincial Youth Training Programme."

The Committee felt that some work should be done with those who took up training last year, and the Secretary was instructed to write W. R. Reek, Deputy Minister of Agriculture, suggesting that twenty of last year's trainees should be selected for further training, and that 30 new trainees be accepted this year.

In the meantime plans are being made to accept applications both from tobacco growers who will accept trainees, and young men who wish to secure this training, and they will be dealt with by this Committee in due course.

All of which is respectfully submitted.
